

SF Bay Area Collaborative Research Network

A partnership of community clinicians, practices and University of California, San Francisco

SF Bay CRN eNews – Spring, 2020

Dear Colleagues and Friends,

Welcome again to the San Francisco Bay Collaborative Research Network (SFBayCRN) eNews. SFBayCRN facilitates primary health care practice-based research partnerships between researchers and clinical practice groups at UCSF, in the greater Bay Area, and beyond. We offer free initial consultations on practice-based research issues for our members.

SAVE THE DATE: Friday, May 1st **SFBayCRN Annual Meeting at the Presidio**

Please join us for our Annual Meeting, Friday May 1st at the Presidio's Golden Gate Club in San Francisco.

The SFBayCRN Annual Meeting provides an opportunity for healthcare leaders, educators, researchers, and community stakeholders to identify common ground to address regional healthcare priorities and needs. **This year's meeting will focus on opportunities for strengthening research partnerships across diverse health systems and communities.**

Register here: www.eventbrite.com/e/sfbaycrn-6th-annual-meeting-tickets-86615299693?aff=ebdssbdestsearch

Keynote speakers:

- Jack Westfall, Director, Robert Graham Center for Policy Studies in Family Medicine and Primary Care
- Harold Collard, Associate Vice Chancellor for Clinical Research, UCSF School of Medicine
- Kirsten Bibbins-Domingo, Vice Dean for Population Health, UCSF School of Medicine

Free CME credit will be available.

To learn more about SFBayCRN, please contact our new program coordinator, [Erica Wong](#), or visit: www.sfbaycrn.org. This month's newsletter is filled with useful information. We hope you'll read it to the end!

Best Regards,

Erica Wong, Program Coordinator
Mike Potter, Director

Call for Abstracts - Submit by Feb 21st!

This year will feature a poster session on practice-based partnerships and interventions that address challenges in delivering evidence-based care across diverse clinical settings. Abstract submissions may describe activities in progress, quality improvement initiatives, or completed research. Please submit your abstract [here](#) by February 21st.

Program highlights will include interactive presentations on:

- Defining the Future of Translational Research: Local and National Perspectives on Training and Infrastructure
- Emerging Opportunities for Health Systems to Address Social, Behavioral, and Environmental Determinants of Health
- California's Whole Person Care Pilots: What have we Accomplished and what can be Sustained?
- Success Stories from the Field: Practice-Based Research Partnerships that are Improving the Health of Patients Right Now

FREE EVENTS YOU WILL NOT WANT TO MISS!

January 31st: "It's About a Billion Lives" Symposium

8:00 am-12:30 pm

Cole Hall, UCSF Parnassus, Livestream available

The UCSF Center for Tobacco Control Research and Education (CTCRE) is excited to announce their stellar lineup of featured speakers for our "It's About a Billion Lives" Symposium. Gan Quan, PhD, Director of Tobacco Control, International Union Against Tuberculosis and Lung Disease (The Union), will start off as keynote speaker and Michael Reddy, DMD, DMSc, Dean and Professor, UCSF School of Dentistry, will be the closing speaker for our event. Contact jonathan.leff@ucsf.edu for more information.

March 26-27th: Western Colorectal Cancer Consortium Conference

UC Davis Conference Center, Sacramento, CA

The inaugural conference will include experts in CRC screening tests, screening program inreach and outreach in different medical settings, genetic CRC, costs and cost effectiveness of screening programs in different clinical settings, controversy surrounding starting screening at age 45 or younger, methods to follow up positive CRC screening tests, modern messaging techniques, geographic, racial and ethnic disparities; insurance coverage, patient navigation, state and federal policies and garnering funding for CRC research. For more information and registration: westerncrcconsortium.org/index.php.

May 4th: CARE Brain Trust Meeting

11:00 am-2:00pm

Alzheimer's Association Office 2290 N 1st St #101, San Jose, CA

First Annual Collaborative Approach for Asian Americans and Pacific Islanders Research & Education (CARE) Brain Trust Meeting in Northern CA. The dual purpose of the CARE Brain Trust meeting is to a) examine factors that either impede or facilitate community involvement in research from the perspectives of community and research partners; and, b) develop new collaborative partnerships between community and research partners that will include the use of the CARE research registry. All community organizations/ partners and researchers are invited and welcomed to participate. Space is limited.

Registration: <https://www.eventbrite.com/e/8630706375>. For more information, email careaapi@gmail.com or van.park@ucsf.edu.
