

SF Bay Collaborative Research Network

Winter 2025

A UCSF-supported partnership of community clinicians, practices, and researchers

Save the Date: Annual Meeting will be held September 9, 2025

SFBayCRN and IMPACT program will co-host our annual gathering this fall in San Francisco at the William J. Rutter Center. The Agenda will be informed by a diverse planning committee representing community partners, academic researchers, and policymakers. Please be sure to mark your calendars. We will continue to update as the program takes shape.

Team Science Award, Call for Applications!

UCSF's CTSI is supporting a \$75k pilot award sponsored by the Team Science Program. To encourage broadly engaged team science, this funding opportunity now allows applicants to include a community partner as a paid co investigator. We encourage you to apply and/or share this announcement with your colleagues.

Please visit <https://rap.ucsf.edu/team-science-grant> for submission rules and eligibility requirements. **Applications are Due Monday, March 3, 2025, via the RAP website.**

For additional Grant information please visit

<https://rap.ucsf.edu/grants>.

UCSF Cross-Campus AI Research Day March 17th

We are on the cusp of transformative breakthroughs in health and medicine—powered by Artificial Intelligence. Occurring at the **Mission Bay Conference Center**, the full-day event will showcase the groundbreaking intersection of **AI, biomedical science, and healthcare** at UCSF.

The agenda will explore how cutting-edge AI, data science, and computational techniques are accelerating discoveries, revolutionizing clinical care, and shaping the future of population health. You'll hear from leading experts, engage with innovative research, and explore the tools and resources at UCSF and beyond that are driving this exciting frontier. For more information, including speakers and abstract applications please visit

About SFBayCRN

The San Francisco Bay Collaborative Research Network (SFBayCRN) is UCSF's primary health care practice-based research network, supported by the UCSF Clinical and Translational Science Institute. We offer free initial consultations on practice-based research issues for our members.
