

## SF Bay Collaborative Research Network

A UCSF-supported partnership of community clinicians, practices, and researchers

Dear Friends,

Happy Holidays! This season has brought reminders of how much work remains to be done to create a world that is equitable, just, and non-violent. Whether you are in need of healing, or doing the work of healing through patient care, research, or activism, we celebrate you and wish you all the best during this holiday season.

We also hope you enjoy our fall newsletter, which includes items of interest you have not received from other sources.

The San Francisco Bay Collaborative Research Network (SFBayCRN) is UCSF's primary health care practice-based research network, supported by the UCSF Clinical and Translational Science Institute (CTSI).

We offer free initial consultations on practice-based research issues for our members.

### CTSI Webinar -- Tuesday December 5<sup>th</sup>, at 11am

#### ***"Don't Dis-Dissemination: Strategies for Effective Community Collaboration"***

You won't want to miss this installment of CTSI's webinar series focusing on effective community engaged research strategies, presented by **Brandi Gates-Burgess, IBLC** and **Brittany Chambers-Butcher, MPH, PhD** at **11am on Tuesday, December**. Please register with this [link](#). If you missed it, you may also now view the previous webinar in this series, presented by **Anusha Vable, ScD, MPH** in October covering strategies for successful grant writing. Regardless of your current grant writing experience, it is highly recommended and available for viewing [here](#).

### Share your Experiences with Digital Navigation and Telehealth

#### ***Community-Based Clinical Leaders in Safety Net Health Systems Sought for Surveys and Interviews***

[UCSF S.O.L.V.E. Health Tech](#) is conducting a study on Digital Access Equity study funded by the **California Health Care Foundation**. The aim is to understand types of telehealth services offered in safety-net setting across California. Participants are being compensated to participate in either a 20-minute online survey or 50-minute online interview, both of which focus on challenges, opportunities, and best practices in providing clinical services through digital navigation and telehealth. **If interested in participating, please contact the UCSF S.O.L.V.E. Health Tech team at [SolveHealthTech@ucsf.edu](mailto:SolveHealthTech@ucsf.edu)**

### Call for Abstracts from SIREN and Health Services Research:

#### ***Social Care and the US Health Care Sector***

UCSF's Social Interventions Research and Evaluation Network is partnering with the highly regarded journal, *Health Services Research*, on a special issue focused on the health care sector's practices and opportunities for identifying and addressing social care needs. More information about the types of abstracts that are sought can be found at this [link](#). **The deadline for submissions is Wednesday, January 3<sup>rd</sup>, 2024.**

### SAVE THE DATE: Monday, April 29<sup>th</sup>, 2024

#### ***Annual SFBayCRN/IMPACT Meeting at UCSF Mission Bay Conference Center***

This year's meeting will focus on social determinants of health that are too often not recognized or addressed in health care. Keynote speakers will include **Margot Kushel, MD**, director of the California Statewide Study of People Experiencing Homelessness (CASPEH), **Edward Flores, PhD**, director of the UC Merced Community and Labor Center, and CTSI director **Vanessa Jacoby, MD, MAS**. Look for emails with meeting registration and a call for poster abstracts soon!
